6
 3:30pm - JRHistory Hound
 7pm –All in a days work...

Program Descriptions:
All in a day’s work... The job of a pollinator should not go unnoticed. Find out who does what and how in the Pollinating world.
Ants ‘R’ Us – Ants are everywhere! Their teamwork and cooperation is unparalleled in the animal kingdom. Learn why these amazing insects are so successful.
Beauty and the Beast? Cast your vote as we unveil the differences between butterfly and moth.

Biodiversity Bingo: come out for a bit of competition and lots of fun all while learning about the incredible flora and fauna of beautiful BC.
Birding 101 – Coming in all shapes colors and sizes with amazing adaptations; learn the basics of identification to a few of our local birds.
I Can’t Believe they Built that! Who’s the greatest builder of them all? Test your building skills against some of the best architects in the animal kingdom.
Jester or Genius? Crows and ravens- can you tell the difference? Come and test your intelligence and appetite against these remarkable birds!
Marine Mammal Olympics – Can you beat our marine mammals in these Olympic trials? Athletes and cheering squad needed!
Moss be Lichen it - What’s fuzzy and green all over? Come find the answer at the MOSSt exciting amphitheater program ever. We will dive deep in to the world of cool facts and extreme uses of these amazing plants. You will be LICHEN it!
Power of a Parasite – from the macro to the micro, find out who takes, takes, takes and gives nothing in return.
Skeletons in the Closet –A bare-bones guide to ID animal remains in the park, with lots of bones to see and feel, we’ll hear what they have to tell us.
The Goldstream Buffet – who knew? An all you could eat buffet right here at Goldstream... From flora to fauna many are lined up for a tasty treat.
Who wants to be a Salmon-heir? Be a contestant on our game-show style program, to discover the life cycle of a salmon and cool fishy facts
Wolves of the Sea – Come dive beneath the waves and discover the important ecological and cultural roles of Orcas on our coast.
 *GUEST SPEAKERS – Community members and groups presenting guest programs
